Additional Comments:

Need more focus on LWOP - ~~IPDC participants~~
DP cases are focused on saving the
clients life - it's "either-or". I am interested
in how to convince jurors to afford
someone who committed a horrible crime to
have a chance at parole

Additional Comments:

Would be great for every speaker to provide notes.

I would prefer a separate seminar on mental + substance issues so this one could focus more on tips for trial. That said- Dr. Smith was fantastic + I could listen to him all day. The point is: Lorinda's 15 mins. on "the CO. method is great" without more does nothing for us.
